Neighborhood choir programs bring the power and discipline of quality choral music education into the community as a vehicle to help children throughout Michigan develop excellence in musicianship, self-confidence, social awareness and academic skills while setting the stage for continued active involvement in choral singing throughout their lives.

Students in the HOME Neighborhood Choir will participate in many performance opportunities at Faith and the DSO. They will perform a holiday concert at Faith Lutheran Church, participate in four Saturday mass rehearsals from February to April with students across Metro Detroit, and perform at Orchestra Hall in May. Choral students, beginning at age 8, who love to sing and are committed to learning, are invited to register!
