

A Lyme Disease Awareness Event Showing the Film *Under Our Skin*

Under Our Skin is an unprecedented documentary that illuminates the truth about Lyme Disease and depicts the real life struggles of lyme patients and the controversy surrounding the disease. The movie premiered in 2009 and has earned multiple awards, including "Best Documentary" from the Fargo Film Festival, and was placed on the Oscar shortlist.

Anna Roper personally suffers from Chronic Lyme Disease and will be sharing some of her story along with important facts about Lyme Disease. She will also answer questions following the film. It is Anna's passion to share her knowledge with others and spread awareness about this disease.

Lyme Disease is a **very** serious disease that can infect anyone, anywhere. It can cause severe symptoms, long-term health issues, and even death. Awareness of the facts and ways to prevent lyme are crucial. *Under Our Skin* is powerful – showing all aspects of this disease and its sufferers. Everyone should attend this event.

Hosted by Anna Roper and Lyme Warrior, a 501c3 nonprofit dedicated to spreading awareness and helping lyme patients who are currently suffering.

**This event will be held at Woodside Bible Church, on May 23rd at 7:00pm.
27300 Hoover Road
Warren, MI 48093**

**(Please use the south entrance)
*Attendance is completely free.***

This event is not recommended for children under the age of 13.
