

Michele Pillar

Author, speaker, singer and 3-time GRAMMY and DOVE nominee, Michele Pillar has a testimony that everyone who has ever needed help to overcome anything should hear. Her journey of courage began at age nine when hiding under her twin bed to escape the effects of her parents' alcohol abuse. Well known as a Contemporary Christian Music singer, Michelle carries her story on the healing of her broken heart throughout her singing and speaking. Her new book "Untangled/The Truth Will Set You Free" is being powerfully used by the Holy Spirit to restore the truth that freedom is experienced through the embracing of God's Living Word.

"The Clothes Line-Getting Untangled"

As conference participants take their seats, audiences are captivated by the full-scale clothesline center stage. Minutes later, they are hearing Michele's signature music, laughing along with her stories as she hangs garments, representing her earliest beliefs. Right before everyone's eyes, a wardrobe of redemption unfolds, hanging from tiny little clothespins. Michele weaves in God's Word and promises and soon, all in attendance recognize garments of their own, they've worn too long and see how so "not unique" and not alone they are.

Michele states, "We wear things God wants. He longs to dress us in His goodness, peace, forgiveness, and power! We are daughters of The Most High God! The Lord is here, ready to pick-up our laundry because it no longer fits, it's out of style and the only wise choice is to leave it behind on ... "THE CLOTHES LINE".

Registration & Schedule

Date: April 21, 2018
