Instructor Biography

Bonjour! Je m'appelle Madame Sarah Weiss. I graduated in 2002 from the University of Dayton with two Bachelor degrees, in French and Education. While in college, I spent 6 weeks one summer in an immersion program in northern Quebec, Canada, where I lived with a family and took classes. I also spent my junior year in Avignon, France. I lived with a wonderful French family and took classes in French towards my degree. It was an amazing year full of learning and adventurous travel in Europe, especially France. I have loved the French language since my first class in high school but I fell even more in love with the French culture and language that year and became fluent enough to think and dream in French! After graduation in 2002, I couldn't wait to return to France so I became an English Language Assistant in Angers, France. I traveled to elementary schools every week and taught English for the academic year of 2002-2003. I also had plenty of time to travel and continue improving my language skills!

Then, in 2003, I returned to the United States and was accepted into the Lalanne Teaching program through the University of Dayton and AmeriCorps. I combined my love for service and French by teaching in an inner-city Catholic school in Detroit for two years (Dominican High School – now closed) and living in Christian community with other first and second year teachers teaching in other inner city Catholic schools. In the summers we all attended classes at the University of Dayton. In August of 2005, I graduated with a Master's Degree in Educational Leadership. From 2005 to 2010 I taught French at the Academy of the Sacred Heart in Bloomfield Hills. I taught fifth through eighth grade French in the middle school for girls and a high school French 1 class. In 2010, my husband Rob and I were blessed by God with our twins, Andrew and Mary. I was a full-time wife and mother from 2010-2017. I loved spending that

time with my husband and children. Now that my children are in school full-time, I am able and happy to work part-time and share my gift of the French language and culture by teaching French. This will be my second year teaching French in the H.O.M.E. group. My family attends Faith Lutheran Church for worship and we are members of the church. I am also involved in Women's Ministry at Faith and am the Secretary of the Macomb County Mother's of Multiples Club. Besides speaking and teaching French, I love to be outside in the summer swimming, camping, biking, etc. I also love to cook, read, and spend time with my family and friends.

Course Objectives/Goals

This course is designed for High School students in the HOME group and the objectives for the course are multifaceted:

- There will be **homework** every week that must be completed outside of class and returned the following week for grading and review. A homework outline will be sent home weekly with assignments listed. There will be some speaking assignments that students will have to complete at home as well and may be required to video/record themselves speaking. Some homework will be due by e-mail on other days of the week so that it can be graded before certain class periods and to save time in class.
- There will be a new list of **vocabulary** for each lesson. After the list is given, the columns to practice the new vocabulary will be due as an assignment. Flashcards can also be made and the words studied often until memorized. Mme Weiss has also created Quizlets for each lesson and there are flashcards as part of the online supplement to the textbook.
- There will be vocabulary **quizzes**, particularly in the beginning of the year. These will be administered in class. For each lesson, there will be a larger **test**. The listening and speaking parts of tests will be done during class time. The writing, reading, culture and grammar parts of tests will be done at home under the supervision of a parent. They are expected to return them the following class period.
- Students will be expected to **speak French** in class as much as possible. Learning a language's grammar is important, but so is learning to speak it. We will check homework together often and students are expected to give their answers to the homework either to the class or to a partner. Students are also expected to fully engage in speaking with other classmates during pair and group activities, skits, etc.
- There will be an end-of-the-year **project**, based on the student-chosen and teacher-approved topic of the Francophone world. Information will be given in February to begin working on this project, which is due in May. The students will present their projects to parents in May.

- The best way to learn a foreign language is to practice speaking and studying EVERYDAY! Students should plan on spending a minimum of 30 minutes each weekday, outside of class, doing homework and studying for this class, as well as speaking.
- Cell phones should not be used during class, unless approved by the instructor.
- Please be punctual and attentive for the class period. Bring all the required materials.
- All homework assignments are due on the due date and are not accepted later unless you have an excused absence. In that case it is accepted the following class period only. Incomplete work is accepted for partial credit.
- If the student misses a class, it is the student's responsibility to contact the instructor for the missed assignment, weissfrench@gmail.com.
- If a quiz or a test is missed, arrangements must be made, within the week for the student to take it. **Please** exercise integrity and do not discuss the quizzes/test with students who have not completed them!
- Students should feel free to share with the instructor, ask questions, and seek assistance from the instructor whenever needed.
- Students should respect their parents and instructor and view them as working in conjunction to ensure student success in this class.

Evaluation and Grading

Grades will be determined by points and will be weighted as follows:

- A. Tests, Quizzes, Projects/Presentations: worth 50% of grade
- B. Homework – worth 25% of grade
 - a. Work is expected to be turned in on time. Parents will be notified if a pattern of late work occurs.
 - b. On some of the homework assignments I employ a check system in grading. My philosophy for this is based on the fact that I only see the students once a week and we check answers in class. Therefore, I use the check system to reward effort, encouraging students to complete the assignments. The check marks are converted to points and will be calculated into grades.

o= If the homework assignment is missing

√− If the homework assignment is only partially completed it will receive a check minus (equivalent to C).

√ If the assignment is completed but contains many mistakes or lack of effort, it will receive a check minus (equivalent to B).

√+ If the assignment is well done, it will receive a check plus (equivalent to A).

- D. Participation, worth 25%, includes:
 1. classroom participation in all activities
 2. required materials are brought to class weekly
 3. evidence of practice speaking French at home (will be explained in class)
 4. attitude, as well as paying attention (i.e. not distracting others or doing other work), arriving on time, being respectful of classroom rules and of each other

5. Students will receive 5 points for participation each week in class if they show evidence of completing numbers 1-4 above
